

## **Knight Campus Affiliation Program: Associate Application**

A goal of the affiliation program is to provide a platform for University of Oregon faculty who have research and academic interests that align with the mission and goals of the Knight Campus to substantively engage with the researchers and programming of the Knight Campus. The program welcomes applicants from the University of Oregon tenure related and career non-tenure track faculty to both affiliated and associate memberships.

Applicant Name

Title

Department/School

Research Institute affiliation (if any)

Email Address

Relevant Knight Campus Research Focus Areas:

*Note all that apply*

Biomedical Engineering

Materials for Biomedical Applications

Precision Medicine Technologies

Predicting Complex Biological Systems

Synthetic Biology/Molecular Engineering

Why are you interested in an Associate Affiliation with the Knight Campus? How does your research program relate to the five scientific foci, as well as the mission, vision, and goals of the Knight Campus?

List any current Knight Campus faculty collaborations and partnerships.

Briefly describe your plans to actively participate and engage in Knight Campus research, training and programs.

Please email completed application, along with a current CV, to [accelerate@uoregon.edu](mailto:accelerate@uoregon.edu), with the subject line Associate Application. Deadline is February 8, 2021.
